

PLACES FOR PEOPLE: ESPON PEER-LEARNING WORKSHOP
ARCHITECTURAL POLICY: FROM THEORY TO IMPLEMENTATION

Thursday, 19th February 2026

Amphitheatre of the Department of Town Planning and Housing, Nicosia, Cyprus

ESPON – the European Observation Network for Territorial Development and Cohesion – in cooperation with the Cyprus Department of Town Planning and Housing, Ministry of Interior, presents a Peer-Learning Workshop on Cyprus's first national policy on architecture. The ESPON programme supports territorial development and cohesion by providing evidence, data and analysis on spatial trends across Europe.

The aim of the workshop is to bring leading national policy experts on architectural and design policies from selected European Member States together with policymakers, public officials and stakeholders from Cyprus, to provide a better understanding of architectural policies in the EU, showcasing best practices from ESPON and facilitating exchange of experiences and knowledge.
